PROJECT EXPERIENCE

Project title: Personal Portfolio Website (Capstone 1)   April 2025
Role: Zuitt Student (Front-end Developer)
Link: https://github.com/TristanDev20/webportfolio

- Created a visually stunning personal portfolio website using **HTML, CSS** and **Bootstrap** to showcase projects, skills, and professional achievements. The site is

designed to be fully responsive, ensuring an optimal viewing experience across all devices. Developed portfolio with mobile-first design in mind, interactive project gallery with image light box and custom CSS animations for a dynamic user experience, styling with bootstrap's grid system and components.

Project title: E-COMMERCE WEB APP (Capstone 2-3)   May - July
Role: Zuitt Student (Full Stack Developer) with one student partner   2025
Link: https://documenter.getpostman.com/view/44617368/2sB2xCgorx
https://csp3-hosting-flordeliza-quintana.vercel.app/

- A full stack e-commerce platform built with **React (JSX)** on the frontend and **Node.js + Express.js** on the backend, connected through **RESTful APIs**. The backend handles user authentication, product management, cart, and orders, while the frontend provides a dynamic and responsive user interface. API functionalities are tested using **Postman** to ensure smooth client-server integration.

PROFESSIONAL CERTIFICATES
